=====
HYDRA PASSWORD ANALYSIS
=====
```

Password: hugitjfhslsk

[1] Entropy Analysis

- Length: 12 characters
- Character Set Size: 26
- Estimated Entropy: 56.41 bits

[2] Character Distribution

- Lowercase: 12
- Uppercase: 0
- Digits: 0
- Symbols: 0

[3] Mutation Analysis

- Capitalization Trick: False
- Common Suffix: None
- Symbol Swap: False
- Classification: Clean
- Notes: No mutation weaknesses detected

[4] Pattern Analysis

- Repeated Characters: False

[5] Semantic Analysis

- Dictionary Word Detected: False

[6] Structural Analysis

- Starts With Digit: False
- Ends With Digit: False

```
{  
  "entropy": {  
    "node": "Entropy Analysis",  
    "length": 12,  
    "charset_size": 26,
```

```
    "entropy_bits": 56.41
  },
  "distribution": {
    "node": "Distribution Analysis",
    "lowercase": 12,
    "uppercase": 0,
    "digits": 0,
    "symbols": 0
  },
  "mutations": {
    "node": "Mutation Analysis",
    "suffix": null,
    "capitalization_trick": false,
    "symbol_swap": false,
    "classification": "Clean",
    "diagnostic": [
      "No mutation weaknesses detected"
    ]
  },
  "patterns": {
    "node": "Pattern Analysis",
    "repeated_characters": false
  },
  "semantics": {
    "node": "Semantic Analysis",
    "dictionary_word_detected": false
  },
}
```

```
    "structure": {
        "node": "Structure Analysis",
        "starts_with_digit": false,
        "ends_with_digit": false
    }
}
```

HYDRA SCORE: 35 / 100

Strength Level: Weak

Key Findings:

- Dictionary Word: False
- Capitalization Trick: False
- Symbols Used: 0
- Length: 12

Recommendations:

- Add symbols
- Avoid dictionary words
- Mix uppercase throughout
- Add random characters

```
=====

HYDRA SUGGESTIONS (3×3 SYSTEM)

=====
```

Stronger Variants:

1. HugitjfHslsk!25
2. hu@gitjfhslsk#260
3. HugitJFHSLSK\$

Alternative Passwords:

1. Vortex!73
2. IronPeak#989
3. ShadowRun_33

Structural Recommendations:

1. Break dictionary words with random inserts.
 2. Add 2-3 symbols in unpredictable positions.
 3. Mix uppercase throughout instead of only first letter
